|------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Product Name | MOUNTAIN |
| Construction | Tufted |
| Product description | Rustic loop |
| Suitability | Heavy domestic / Medium contract |
| Reed | 31.49 / 10cm |
| Stitch state or rows | 28.00 / 10cm |
| Tuft density | 88,172 /m ² |
| Pile height above backing | 5-6mm |
| Total pile weight | 900g/m ² |
| Total carpet weight | 2,220g/m ² |
| Pile fibre content | 100% Wool |
| Backing materials | Cotton |
| Widths available | 4m |
| Colour fastness: | |
| • Light | N/A |
| • Shampoo | |
| • Abrasion resistance | On application |
| Moth proofing | Woolmark CP-4: 2013 Moth proofed to Level 3 |
| De-lamination force | 2.50 lbs/inch |
| (Bonding Strength) ASTM D3936 | |
| Tuft withdrawal force: ISO 4919 | On application |
| Tog rating | 1.55 |
| Flammability ratings: BS 4790 & BS 5287 hot metal nut test | Low radius effect of ignition |
| Stock range colour references: | <div>630 Moon Rock</div> <div>631 Flint Ledge</div> <div>632 Ash Tor</div> <div>633 Snowy Peak</div> <div>634 Stony Path</div> |

Part of our Nature Collection, Mountain is a tufted rustic loop, made from blended heather yarn. Suitable for most areas in the home.

All the above specifications are subject to normal manufacturing variations.

The company may make changes or improvements to products at anytime without notice.

Batch to Batch Colour Matching: Whilst every effort is made to ensure that the colours are matched as accurately as possible from one batch to another, an exact match, particularly with natural undyed wools, cannot be guaranteed. If you wish to have an exact colour, please request a dye batch cutting from your authorised dealers before ordering stock.

Heathered Carpets: Heathered carpets are created using random blends of colour, resulting in coloured flecks which are a natural feature of a heathered carpet. The blending process may also result in some linearity which is not always visible on samples and, again, is an inherent design of this type of carpet and not considered a manufacturing fault.

Hand woven Carpets: Hand woven carpets are an artisan product and, as such, can have irregularities and imperfections within the carpet. No two carpets will be identical, unlike mass produced, machine carpet. Any irregularities found within a hand woven carpet are to be celebrated and not considered a manufacturing fault.

Shading: Carpets may develop light and dark shaded areas, particularly in heavy traffic areas, this is called 'shading' and is caused by pile pressure. This is not considered to be a manufacturing defect and can occur on most textiles.

Installation Riviera Home UK carpets should always be sold and professionally installed in full accordance with BS:5325, using a good quality underlay.

Care & Maintenance: If installed and maintained correctly, your carpet should give you years of good service. We recommend that spillages are spot cleaned immediately and that you use a professional cleaning contractor to look after your carpets.
